

Freedom & Democracy

NACA II #349

NACA II Application Process

The Northwood Appold Community Academy (NACA) Public Charter School

Thank you for your interest in enrolling your child at NACA. Please read through all of the guidelines thoroughly before completing the application. We are currently accepting applications for sixth (6th) grade through eleventh (11th) grade.

Please complete the attached **2014-15** school year application and return it to the school via drop off or by mailing it to 4499 Loch Raven Boulevard, Baltimore, MD 21218.

Parent(s) and child must be residents of Baltimore City. Proof of residency will be required for enrollment.

An application must be submitted for the current school year you are applying for. Applications must be submitted by **February 21, 2014** to be considered for the enrollment lottery.

If NACA receives more applications by the designated cut-off date than we have slots available, per grade, those applications will go into an enrollment lottery. Children of NACA founders and siblings of prior enrolled students will be given first preference.

The lottery will be held on **February 28, 2014**. The available slots will be offered in the order they are drawn.

You will be notified by mail of your child's application status by March 3, 2014.
No further updates will be available regarding admissions until this time.

If your child is not selected for placement during the enrollment lottery, your child's name will be placed on a waiting list and you may be contacted as space becomes available.

"Preparing students to make a living and a life."

OUR VISION AND MISSION:

NACA II / The Victoria Jackson Gray Adams Freedom & Democracy School is a public transformation charter school committed to "preparing students to make a living and a life." We want our students to "navigate the life journey effectively and with integrity." More specifically, NACA's mission is to cultivate -- with regularity and predictability -- young people who are proficient relative to academic achievement and intellectual skills; and who are advanced, constructive and healthy relative to character development. Our consistent intent and commitment is to send into the world young people who are prepared to excel, serve, and make the world a better place; and who, ultimately, become leaders in society. Our rigorous, innovative, unique, "Freedom and Democracy (F&D) Curriculum" is a pivotal part of NACA. It involves active, interlocking partnerships between parents, students, teachers, administrators, civic structures, social leaders, business leaders, and political leaders. Our constant guiding goal involves launching into the world young people who are equipped to make a living, empowered to make a life; and positioned to participate fully in freedom and democracy.
